- Bootstrap

LANGUAGES

- English: Fluent
- Nepali: Fluent
- Hindi: Intermediate

PROFILE SUMMARY

Enthusiastic and detail-oriented web developer with one year of experience in implementing responsive and user-friendly web applications. Experience in utilizing a diverse range of technologies, including JavaScript, SQL, Express.js, Node.js, MongoDB, HTML, Tailwind CSS, and Bootstrap. Ability to collaborate effectively with team members to deliver a project.

TRAINING

Bootwal R&D

Junior Developer

2022 - 2024

- I developed a Tic Tac Toe game using HTML, CSS, Bootstrap, and JavaScript. I also developed a Hotel Management System where I implemented password hashing with bcrypt, authentication with JWT tokens, and file/image uploads with Multer. Further, I implemented sending emails for authentication and passport reset utilizing Node Mailer with an SMTP server.
- I have contributed to the backend development of the Nepathya College website using Node.js.

PROJECTS

E-commerce | [Link](#)

- I developed an e-commerce web application with features for user authentication and authorization. Implemented modules for user management, product catalog, shopping cart, and order processing.
- Utilized Node.js for the backend and SQL for database management to ensure secure and efficient data handling.

Hospital Management System | [Link](#)

- I developed hospital management system using Node.js and Express.js. It handles cashiers, diseases, hospitals, patients, treatments, medicines, and user details.
- I used SQL Server database to store data after successful validation. To keep things secure, I implemented JWT token authentication for user access.
